Dear Andrew Smith,

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from THPO Samantha Robison of the Alabama Quassarte Tribal Town in reference to Notification ID #156884:

Good Morning, The AQTT THPO has areas of interest in the proposed location at this time we have identified no religious or cultural sites documented at this time. If the scope of work changes in any way or if artifacts or human remains are discovered please notify the AQTT THPO immediately. Thank You, Tribal Historic Preservation Officer Samantha Robison

For your convenience, the information you submitted for this notification is detailed below.

Notification Received: 05/27/2017

Notification ID: 156884

Tower Owner Individual or Entity Name: Mobilitie

Consultant Name: Andrew Smith

P.O. Box: 361

City: Petoskey

State: MICHIGAN

Zip Code: 49770

Phone: 260-385-6999

Email: [tcns@rescom.org](mailto:tcns@rescom.org)

Structure Type: UPOLE - Utility Pole/Tower used to provide service (Electric, Telephone, etc)

---

Dear Mr. Smith:

On behalf of Mikko Colabe III Clem Sylestine and the Alabama-Coushatta Tribe, our appreciation is expressed on the efforts to consult us regarding TCNS #156884 in Harris County.

Our Tribe maintains ancestral associations throughout the state of Texas despite the absence of written records to completely identify Tribal activities, villages, trails, or burial sites. However, it is our objective to ensure significances of American Indian ancestry, especially of Alabama-Coushatta origin, are administered with the utmost considerations.

Upon review of your August 9, 2017 submission, no known impacts to cultural assets of the Alabama-Coushatta Tribe of Texas are anticipated in conjunction with this proposal. In the event of the inadvertent discovery of human remains and/or archaeological artifacts, activity in proximity to the location must cease and appropriate authorities, including this Office, notified without delay for additional consultations.

Should you require further assistance, please do not hesitate to contact us.

Sincerely,

Bryant J. Celestine  
Historic Preservation Officer  
Alabama-Coushatta Tribe of Texas

Dear Andrew Smith,

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from Gwen Terrapin of the Cherokee Nation in reference to Notification ID #156884:

In accordance with 36 CFR §800.4, the Cherokee Nation has reviewed pole project TCNS No. 156884 located in Harris County, TX. After reviewing all of the documents provided Cherokee Nation has cross referenced the project's legal description against our information and has determined there are no historic properties in the area of potential effect, for both visual and direct effect and the project may proceed.

Furthermore, due to the historic presence of our people in the project area, inadvertent discoveries of human remains and related NAGPRA items may occur, even in areas of existing or prior development. Should this occur, we request all work cease and Cherokee Nation be notified immediately at (918) 772-4165. In such discovery, other appropriate agencies will need to be contacted immediately as well.

Should you have any further questions, please do not hesitate to call.

Wado,  
Cherokee Nation

For your convenience, the information you submitted for this notification is detailed below.

Re: TCNS #156884 (Site: HO90XS849C)

Dear Mr. Smith:

In response to your request, the above referenced project has been reviewed by staff of this office. Based on the information provided and a search within the Comanche Nation Site Files, we have determined that there are *no properties* affected by this undertaking.

If you require additional information or are in need of further assistance, please contact this office at (580) 595-9960 or 9618. (Please note the new address change below).

This review is performed in order to locate, record, and preserve the Comanche Nation and State's prehistoric and historic cultural heritage, in cooperation with the State Historic Preservation Office.

Sincerely,

Kelly Banderas, THPO Assistant  
Tribal Historic Preservation Office  
Comanche Nation

Dear Mr. Smith:

By this correspondence I am acknowledging receipt of your payment of \$500.00, in check number 15592, for TCNS # 156884 at 831-863 Harvest Time Lane, Houston, Texas.

At this time, I know of no known sacred or ceremonial sites in the immediate area, and do not require further Section 106 consultation on this project. However, if any archaeological sites or cultural resources are found during the construction phase we may elect to discuss additional mitigation steps, including on-site monitoring. In the event that archaeological properties or human remains are discovered during construction, please stop work and contact us immediately consistent with Section IX of the Nationwide Programmatic Agreement and applicable law.

Sincerely,

A handwritten signature in blue ink that reads "Linda Langley". The signature is written in a cursive style with a large, stylized "L" and "L" at the end.

| X | <b>FINDING OF NO CULTURAL PROPERTIES</b> - The potential for cultural resources to be present within or near your proposed project is low and should not result in an adverse effect. However, if cultural materials are discovered during construction please notify the Eastern Shoshone Tribal Historic Preservation Office. |
|---|---|

After reviewing the materials you provided on the above referenced project, the Eastern Shoshone Tribal Historic Preservation Department finds that there may be a low potential for historic/cultural materials to be present during the proposed undertaking.

The Eastern Shoshone Tribe has a long and storied history throughout a very large swath of the present day United States that we consider our aboriginal home lands. No further cultural resource work is necessary for this project as long as the areas outlined are adhered to. If additional work is necessary outside the areas designated, please notify our department to make the necessary arrangements.

If potential cultural resources are located during construction, please notify our office immediately. Thank you for consulting with the Eastern Shoshone Tribal Historic Preservation Office. If you have any questions or concerns, please feel free to contact me at (307) 335-2081 or (307) 349-6406 or email me at [wferris.eshoshone@gmail.com](mailto:wferris.eshoshone@gmail.com) Thank you.

**RE: Section 106 Consultation and Review for proposed TCNS # 156884, located at 831-863 Harvest Time Lane in Houston, Texas**

Dear Andrew,

The Kiowa Tribe Office of Historic Preservation has received the information, fee, and materials requested for our Section 106 Review and Consultation. Section 106 of the National Historic Preservation Act of 1966 (NHPA), and 36 CFR Part 800 requires consultation with the Kiowa Tribe.

Given the information provided, you are hereby notified that the proposal project location should have little potential to adversely affect any known Archaeological, Historical, or Sacred Kiowa sites. Therefore, in accordance with 36 CFR 800.4(d) (1), you may proceed with your proposed project. However, please be advised undiscovered properties may be encountered and must be immediately reported to the Kiowa Tribe Office of Historic Preservation under both the NHPA and NAGPRA regulations.

This information is provided to assist you in complying with 36 CFR Part 800 for Section 106 Consultation procedures. Please retain this correspondence to show compliance. Should you have any questions, please do not hesitate to contact me at [kellie@tribaladminservices.org](mailto:kellie@tribaladminservices.org). Thank you for your time and consideration.

Sincerely,

Kellie J. Lewis  
Acting Tribal Historic Preservation Officer (THPO)

Dear Andrew Smith,

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from Tribal Historic Preservation Officer Holly B Houghten of the Mescalero Apache Tribe in reference to Notification ID #156884:

After review of this communications project, it has been determined that the Mescalero Apache Tribe has no immediate concerns within the project area, and that the project will cause no adverse effects to cultural resources or areas of interest to the Mescalero Apache Tribe. If, however, the Applicant discovers archeological remains or resources during construction, the Applicant should stop construction and notify the appropriate Federal Agency and Tribe(s).

For your convenience, the information you submitted for this notification is detailed below.

**FINDING OF NO EFFECT. No cultural resources should be adversely affected by your proposed undertaking. If cultural materials are discovered during construction, please halt activity and notify the Tribal Historic Preservation Office.**

Under the authority of Section 106 of the National Historic Preservation Act of 1966 and in accordance with **36CFR800.2A4**. These findings are in compliance with Sections 106 and 110 of the National Historic Preservation Act.

The Northern Cheyenne THPO has reviewed assessment and finds '*No Effect*', based on the absence of archaeological resources within the APE for direct effects and ground disturbing activities anticipated for the Project. The construction of the proposed undertaking can proceed without further archaeological review unless artifacts are discovered.

**If cultural resources are located during ground disturbance, please halt all activities and notify our office.**

Thank you for consulting with the Northern Cheyenne Tribal Historic Preservation Office. If you have any questions, please contact us at 406-477-4839.

## Proposed Construction of Communications Facilities Notification of Final Contacts - Email ID #20380

From: towernotifyinfo@fcc.gov  
Sent: Thu, Aug 24, 2017 at 9:03 am  
To: tcns@rescom.org  
Cc: tcnsweekly@fcc.gov

---

Mobilitie  
Andrew Smith  
P.O. Box: 5516  
Fort Wayne, IN 46895

Dear Applicant:

This letter addresses the proposed communications facilities listed below that you have referred to the Federal Communications Commission (Commission) for purposes of contacting federally recognized Indian Tribes, including Alaska Native Villages (collectively Indian Tribes), and Native Hawaiian Organizations (NHOs), as specified by Section IV.G of the Nationwide Programmatic Agreement (NPA). Consistent with the procedures outlined in the Commission's recent Declaratory Ruling (1), we have contacted the Indian Tribes or NHOs identified in the attached Table for the projects listed in the attached Table. You referred these projects to us between 08/17/2017 and 08/24/2017. Our contact with these Tribal Nations or NHOs was sent on 08/24/2017.

Thus, as described in the Declaratory Ruling (2), if you or Commission staff do not receive a statement of interest regarding a particular project from any Tribe or NHO within 20 calendar days of 08/24/2017, your obligations under Section IV of the NPA with respect to these Tribal Nations or NHOs are complete(3). If a Tribal Nation or NHO responds that it is interested in participating within the 20 calendar day period, the Applicant must involve it in the review as set forth in the NPA, and may not begin construction until the process set forth in the NPA is completed.

You are reminded that Section IX of the NPA imposes independent obligations on an Applicant when a previously unidentified site that may be a historic property, including an archeological property, is discovered during construction or after the completion of review(4). In such instances, the Applicant must cease construction and promptly notify, among others, any potentially affected Tribal Nation or NHO. A Tribal Nation's or NHO's failure to express interest in participating in pre-construction review of an undertaking does not necessarily mean it is not interested in archeological properties or human remains that may inadvertently be discovered during construction. Hence, an Applicant is still required to notify any potentially affected Tribal Nation or NHO of any such finds pursuant to Section IX or other applicable law.

Sincerely,  
Jill Springer  
Acting Federal Preservation Officer  
Federal Communications Commission  
[jill.springer@fcc.gov](mailto:jill.springer@fcc.gov)

---

1) See Clarification of Procedures for Participation of Federally Recognized Indian Tribes and Native Hawaiian Organizations Under the Nationwide Programmatic Agreement, Declaratory Ruling, FCC 05-176 (released October 6, 2005) (Declaratory Ruling).

2) Id S 8-10.

3) We note that, under the Declaratory Ruling, an expression of interest by an Indian Tribe or NHO addressed solely to the Commission staff during the 20-day period is sufficient even if it does not contact the Applicant.

4) Id at S 11.

### LIST OF PROPOSED COMMUNICATIONS TOWERS

## Confirmation - Referral of a Proposed Tower ConstructionNotification - Email ID #5379577

From: towernotifyinfo@fcc.gov

Sent: Wed, Aug 23, 2017 at 8:18 pm

To: tcns@rescom.org

---

Dear Andrew Smith,

Your referral of a proposed tower structure notification has been successfully submitted via the Tower Construction Notification System. The Federal Communications Commission (FCC) will be processing this referral for purposes of contacting federally recognized Indian Tribes, including Alaska Native Villages, and Native Hawaiian Organizations as specified by Section IV.G of the Nationwide Programmatic Agreement and the Declaratory Ruling of October 6, 2005. You will receive a Proposed Construction of Communications Facilities Notification of Final Contacts when the FCC has completed processing this referral. Below are the details you provided in the referral of the tower you have proposed to construct:

Notification Received: 05/27/2017

Notification Referred: 08/23/2017

Notification ID: 156884

Tower Owner Individual or Entity Name: Mobilitie

Consultant Name: Andrew Smith

P.O. Box: 361

City: Petoskey

State: MICHIGAN

Zip Code: 49770

Phone: 260-385-6999

Email: [tcns@rescom.org](mailto:tcns@rescom.org)

Structure Type: UPOLE - Utility Pole/Tower used to provide service (Electric, Telephone, etc)

Latitude: 29 deg 57 min 14.1 sec N

Longitude: 95 deg 23 min 49.1 sec W

Location Description: 831-863 Harvest Time Ln

City: Houston

State: TEXAS

County: HARRIS

Detailed Description of Project: A utility pole to be placed in existing disturbed road right of way

Ground Elevation: 23.8 meters

Support Structure: 13.7 meters above ground level

Overall Structure: 13.7 meters above ground level

Overall Height AMSL: 37.5 meters above mean sea level

831-863 Harvest Time Ln  
Houston, TX 77060

Dear Ms. Robinson,

RESCOM Environmental Corp (RESCOM) was retained by Mobilitie to complete Section 106 Compliance as delegated by the FCC and outlined in 36 CFR Part 800 for the above referenced project.

Mobilitie proposes the construction of a small cell telecommunications pole at the above referenced address. In accordance with Mobilitie's earlier communications via the FCC Tower Construction Notification System, Mobilitie and RESCOM respect the sovereign status of your Tribe and are writing to outline the project.

Enclosed for your review are maps and project drawings regarding the proposed project. *An archaeological survey was not conducted as the proposed project is within existing disturbed road right-of-way.*

Except to the extent that we have agreed otherwise, the 'Voluntary Best Practices for Expediting the Process of Communications Tower and Antenna Siting Review' provides that your Tribe should evaluate this submission and respond in writing with an opinion of interest or no interest. If you do not believe that all of the agreed upon materials have been enclosed, or if you have any other questions, please contact our office immediately so that we can reach a satisfactory resolution as soon as possible.

We appreciate your assistance in this matter. Please do not hesitate to contact us if you have any questions or comments.

Sincerely,  
**RESCOM Environmental Corporation**

**RE: INVITATION TO COMMENT UNDER SECTION 106**  
**TCNS ID: 156884**  
HO90XS849C  
831-863 Harvest Time Ln  
Houston, TX 77060

Dear Ms. Terrapin,

RESCOM Environmental Corp (RESCOM) was retained by Mobilitie to complete Section 106 Compliance as delegated by the FCC and outlined in 36 CFR Part 800 for the above referenced project.

Mobilitie proposes the construction of a small cell telecommunications pole at the above referenced address. In accordance with Mobilitie's earlier communications via the FCC Tower Construction Notification System, Mobilitie and RESCOM respect the sovereign status of your Tribe and are writing to outline the project.

Enclosed for your review are maps and project drawings regarding the proposed project. *An archaeological survey was not conducted as the proposed project is within existing disturbed road right-of-way.*

Except to the extent that we have agreed otherwise, the 'Voluntary Best Practices for Expediting the Process of Communications Tower and Antenna Siting Review' provides that your Tribe should evaluate this submission and respond in writing with an opinion of interest or no interest. If you do not believe that all of the agreed upon materials have been enclosed, or if you have any other questions, please contact our office immediately so that we can reach a satisfactory resolution as soon as possible.

We appreciate your assistance in this matter. Please do not hesitate to contact us if you have any questions or comments.

Sincerely,  
**RESCOM Environmental Corporation**

---

Dear Andrew Smith,

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from Cell Tower Administrator Mary M Botone of the Wichita and Affiliated Tribes in reference to Notification ID #156884:

The Wichita & Affiliated Tribes is requesting consulting party status on any proposed projects that the Federal Communications Commission undertakes in the states of Kansas, Oklahoma and Texas.

We are also charging an ADMINISTRATIVE FEE of \$750.00 for ALL TCNS\PTC filings including colocation and an additional \$50.00 for each Non-Excluded PTC using the batch process. \*PLEASE MAKE CHECKS OUT INDIVIDUALLY FOR EACH SITE\*.

Checks are to be made payable to: "WICHITA & AFFILIATED TRIBES - CELL TOWER ACCOUNT" and mailed to: Wichita & Affiliated Tribes, PO Box 729, Anadarko, Oklahoma 73005 - ATTN: Mary M Botone, Cell Tower Administrator.

Due to the mass amount of requests, we will not be generating invoices, unless requested. To expedite the review process, we are requesting the following information; purpose of tower whether new or an existing site, site name, site and/or project number, legal description or physical address of site, photographs in the four cardinal directions from proposed site, shovel testing in the direct project area and along the access road/utility easement, topographic and/or quadrangle maps, height of tower by feet, type of tower, the complete FCC Form 620 or 621 packet, including a copy the Archeological Survey Report and the SHPO concurrence letter. All of the aforementioned information will enable us to make an accurate decision concerning the proposed site.

Please send the Form 620 or 621 and all other requested information (including the SHPO concurrence letter) to [mary.botone@wichitatribe.com](mailto:mary.botone@wichitatribe.com). We will begin our research and review when payment and ALL requested information is received. Our thirty days will not begin and clearance will not be given until all requested information is received including the SHPO Concurrence letter & payment. Otherwise, your Section 106 obligations with the Tribe IS NOT completed.

If you have any questions pertaining to this matter, please contact me at 405.247.8667. Thank you for your time and attention to this matter.

For your convenience, the information you submitted for this notification is detailed below.

Dear Andrew Smith,

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from Acting Tribal Historic Preservation Officer Kellie J Poolaw of the Kiowa Indian Tribe of Oklahoma in reference to Notification ID #156884:

Please be advised the Kiowa Tribe Office of Historic Preservation requires the following items before research can begin on your request (this includes Expedited Projects):

- A topographical map specifying the Area of Potential Effect (APE)
  - Description of the work to be performed, including Earth disturbing activities, depth and breadth of the disturbance
  - An electronic copy of the check for payment attached in a separate PDF. file
  - Preferred documentation: Electronic copies of Cultural Resource Survey, if applicable
  - A \$1,500 Non-Refundable Research Service Fee for all projects that require review
- \*\*\* Per Kiowa Tribal Resolution, effective immediately, the Research Service Fee for "small cell node" installations shall be \$1,750 to include a maximum of three (3) nodes per fee, if and only if the nodes share the same GPS coordinates.

Please make checks payable to the Kiowa Tribe Office of Historic Preservation and mail to: P.O. Box 50, Carnegie, OK 73015

After receipt of the materials mentioned above, we will process your request and you will receive our expedited comment as soon as all materials are received.

Sincerely,

Kellie J. Lewis  
Acting THPO  
Kiowa Tribe Office of Historic Preservation

Dear Andrew Smith,

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from THPO Teanna Limpy of the Northern Cheyenne Tribe in reference to Notification ID #156884:

We have an interest in this site and would like the applicant to contact us.

Gary LaFranier  
406-477-8114

The Northern Cheyenne Tribe has an interest in this site. The Northern Cheyenne Tribe requirement for consultation is digitally through our website. Our website is <http://cms.cheyennenation.com>

For organization, documentation, and financial regulation, all projects must be processed through our website. We do not accept paper or emailed submissions.

The most important information our tribe requires are the records search results - all of the results. We are not consistently receiving these. The FCC requires information about the sites that are eligible for the National Register, but the FCC also requires companies to supply the tribes with additional requested information that is necessary for the tribes to complete their work. By statute, code of federal regulation, and the programmatic agreement, the tribe has the right to request additional information necessary for the tribe to evaluate the potential effect of the undertaking on cultural resources which may be significant to the tribe. Under 36 CFR 8004.5 "the agency official shall apply the National Register criteria (36CFR part 63) to properties identified within the area of potential effects that have not been previously evaluated for National Register eligibility."

We require the complete results of the file search of the area of potential effect. Nearly every single Native cultural resource that is identified by archaeologists is recorded as unevaluated and needing further evaluation. We require you to send ALL KNOWN sites identified in the complete file search - even the unevaluated, undetermined, and recommended ineligible sites.

Please include the resource type and distance from the proposed project area. Details are below.

Our tribe requires the Cultural Resource or Archaeological Survey Reports completed for the project, such as the Class III Cultural Resource Inventory Report if done, or at least a Class I Cultural Inventory if fieldwork was not required. This report should include ALL known sites within the designated area of potential effect. This includes NOT ONLY the listed and eligible sites; we require the unevaluated, undetermined, and recommended not eligible sites included as well.

This report should include the previously located cultural resource designation, distance from the project, and National Register eligibility determination, if a determination has been made.

No determination is fine if the site has not been evaluated, but we still want to see the information on these sites. Please include the resource type, such as historic irrigation, homestead, lithic scatter, burial mound, etc.

Each report should include maps that show the location of the proposed project and topographic features of the proposed project area. Each map should show the standard Area of Potential Effects as determined by the height of the tower and the FCC's Nationwide Programmatic Agreement.

When SHPO site files are referenced, please include the SHPO's file number, site name, and a brief narrative summary as to the type of site. The summary should be sufficient to enable the reader to understand why the site was documented. We would also like to know how far the site is

from the project. Each report should include photographs of the tower and the surrounding landscape.

The Tribe does not consider predictive modeling to be adequate in the identification of cultural resources. Literature review, aerial photographs, and statistical probability are not a replacement for boots on the ground.

The Northern Cheyenne Nation has a long and rich history in the area including oral histories going back millennia. Under 36 CFR 800 .4 we have the right to evaluate federal undertakings with the potential to effect cultural resources. Our unique knowledge of sites and their potential significance under the National and Tribal Register make it essential for us to evaluate all sites within the area of potential effect. This is the very reason why we - the Tribes - are involved. The history, language, or religion of our people, the significance or sacredness of a place to us, our important people associated with these places, and our ongoing traditional uses of a location.

Also, please include a summary of all newly recorded cultural resources identified for the current undertaking.

If a full Class III survey report was not required, please state the reason why one is not attached, such as no new ground disturbance. Otherwise the processing of the project will be held up while we try to locate a report on the project. Even if fieldwork was not required, we still require a Class I file search of all know sites in the surrounding area.

The Tribe charges a review fee in the amount of \$400 for processing each request. The fee structure was created by council resolution. This includes colocations - since we were not at the table to begin with on these colocation projects, we want to make sure we have the opportunity to look at these now and get our history known.

This paragraph only applies to Positive Train Control Projects submitting multiple PTC towers using the FCC's batching method. The Tribe charges \$400 for the first non-excluded PTC tower in the batch, plus \$250 for each additional non-excluded tower listed under one TCNS number.

Payments can be made by check or money order, made payable to the Northern Cheyenne Tribal Historic Preservation Office and mailed to PO Box 128, Lame Deer, Montana 59043. Please include the TCNS in the memo line of your check so that your payment is applied to the correct project.

If you have any questions or need more information please contact the THPO Teanna Limpy at [teanna.limpy@cheyennation.com](mailto:teanna.limpy@cheyennation.com) and 406-477-4839 or FCC specialist Gary LaFranier at [glafranier@ncthpo.com](mailto:glafranier@ncthpo.com) or [gary.lafranier@cheyennation.com](mailto:gary.lafranier@cheyennation.com) and 406-477-8114.

Thank you for "ensuring tribal cultural properties and other sacred sites of a historic nature are protected in a manner respectful of tribal sovereignty and consistent with the obligations of the Commission under the NHPA" (WT Docket No. 03-128 2004:38).

For your convenience, the information you submitted for this notification is detailed below.

Notification Received: 05/27/2017  
Notification ID: 156884  
Tower Owner Individual or Entity Name: Mobilitie  
Consultant Name: Andrew Smith

Dear Andrew Smith,

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this email is to inform you that an authorized user of the TCNS has replied to a proposed tower construction notification that you had submitted through the TCNS.

The following message has been sent to you from THPO Wilfred Ferris III of the Eastern Shoshone Tribe in reference to Notification ID #156884:

The ancestors of the Eastern Shoshone Tribe lived a long and storied history across several states on their westward journey from the Western area to present-day Wyoming. This journey, confirmed by tribal oral history, ethnographies, and archaeological evidence, took place over multiple generations and through the present-day states of North Dakota, South Dakota, Nebraska, Kansas, Colorado, Wyoming, Montana, Idaho, Washington, Oregon, California, Utah, Nevada, Arizona, New Mexico and Texas. Significant historical resources throughout this region include major sacred sites including burial sites, occupation areas, medicinal plant and resource collection areas, and other significant traditional cultural properties (TCPs). Therefore, based on the location of your proposed project, the Eastern Shoshone Tribe does have an interest in this proposed project and are requesting to be consulted on this proposed project as required by the mandates expressed in 36 CFR 800, EO 13175, and the FCC National Programmatic Agreement as traditionally associated peoples (TAPs) and a sovereign nation with legal responsibility for heritage preservation on ancestral homelands. Please utilize the online Tribal 106 processing system to submit your project details, at <http://iresponse106.com>.

Your submission should include:

- Appropriate SHPO determination or response letter
- Cultural Resource report and/or Archaeological Survey Report
- Photographic project site documentation
- Topographic or Quadrangle Maps
- Site Plans/Construction Drawings
- FCC Forms 620 and 621
- Latitudinal and longitudinal coordinates for the proposed project
- Project coordinator contact information

The Eastern Shoshone Tribe has established a processing fee of \$400.00 per consultation, which facilitates review of each project online in a timely manner. We are only able to accept checks at this time; no online payment method is currently available. Our 30-day review period will commence once all project details have been submitted to the Tribal 106 processing database. If you have any questions, please feel free to contact the Eastern Shoshone THPO, Wilfred Ferris. [wferris.eshoshone@gmail.com](mailto:wferris.eshoshone@gmail.com) or Tribal Archaeologist, Karly Law. [Karly.law@iresponse106.com](mailto:Karly.law@iresponse106.com). Consultation Research Officer, Falene Russette [falene.russette@iresponse106.com](mailto:falene.russette@iresponse106.com) or by phone 406-395-4215. Thank you for consulting with the Eastern Shoshone Tribe.

For your convenience, the information you submitted for this notification is detailed below.

Dear Andrew Smith,

Thank you for submitting a notification regarding your proposed construction via the Tower Construction Notification System. Note that the system has assigned a unique Notification ID number for this proposed construction. You will need to reference this Notification ID number when you update your project's Status with us.

Below are the details you provided for the construction you have proposed:

Notification Received: 05/27/2017

Notification ID: 156884

Tower Owner Individual or Entity Name: Mobilitie

Consultant Name: Andrew Smith

P.O. Box: 361

City: Petoskey

---

Dear Sir or Madam:

Thank you for using the Federal Communications Commission's (FCC) Tower Construction Notification System (TCNS). The purpose of this electronic mail message is to inform you that the following authorized persons were sent the information you provided through TCNS, which relates to your proposed antenna structure. The information was forwarded by the FCC to authorized TCNS users by electronic mail and/or regular mail (letter).

Persons who have received the information that you provided include leaders or their designees of federally-recognized American Indian Tribes, including Alaska Native Villages (collectively "Tribal Nations"), Native Hawaiian Organizations (NHOs), and State Historic Preservation Officers (SHPOs). For your convenience in identifying the referenced Tribal Nations and NHOs and in making further contacts, the City and State of the Seat of Government for each Tribal Nation and NHO, as well as the designated contact person, is included in the listing below. We note that Tribal Nations may have Section 106 cultural interests in ancestral homelands or other locations that are far removed from their current Seat of Government. Pursuant to the Commission's rules as set forth in the Nationwide Programmatic Agreement for Review of Effects on Historic Properties for Certain Undertakings Approved by the Federal Communications Commission (NPA), all Tribal Nations and NHOs listed below must be afforded a reasonable opportunity to respond to this notification, consistent with the procedures set forth below, unless the proposed construction falls within an exclusion designated by the Tribal Nation or NHO. (NPA, Section IV.F.4).

The information you provided was forwarded to the following Tribal Nations and NHOs. If a Tribal Nation or NHO does not respond within a reasonable time, you should make a reasonable effort at follow-up contact, unless the Tribal Nation or NHO has agreed to different procedures (NPA, Section IV.F.5). In the event a Tribal Nation or NHO does not respond to a follow-up inquiry, or if a substantive or procedural disagreement arises between you and a Tribal Nation or NHO, you must seek guidance from the Commission (NPA, Section IV.G). These procedures are further set forth in the FCC's Declaratory Ruling released on October 6, 2005 (FCC 05-176).

1. THPO Assistant Kelly Banderas - Comanche Nation - #6 SW D Avenue, Suite 'C' Lawton, OK - [kellyba@comanchenation.com](mailto:kellyba@comanchenation.com) - 580-595-9960

Details: The Comanche Nation Historic Preservation Office does not need to review the following types of projects; those that have already been evaluated by the Comanche Nation involving pre-existing above-ground feature additions or modifications (unless there is an increase in height), and those that have already been evaluated by the Comanche Nation within the city limits on a previously disturbed site.

If the proposed project does not meet one of the aforementioned conditions, the Comanche Nation Historic Preservation Office requires the following items; photographs taken of all 4 directions (north, south, east and west) from the center of the project site (where possible), legal description of the proposed site (i.e.; section, range, township, etc.) and any existing archeological/environmental reports or surveys relating to the site. We do not require, but request that you provide us with an aerial view of the proposed site if possible.

Due to the heavy volume of requests, we can no longer accept email requests.

Please send all materials to the Comanche Nation Historic Preservation Office, C/O Kelly Banderas, #6 SW 'D' Avenue, Suite 'C', Lawton, Oklahoma 73501 via regular or express mail, with

a \$500 review fee, per project (payable to the Comanche Nation Historic Preservation Office). Please note on the cashier's check/money order (or on an attachment), the TCNS Number/Project Name that the review fee is being provided for. Upon receipt of review fee, the Comanche Nation Historic Preservation Office will promptly respond to your review request.

Note: If the Comanche Nation Office of Historic Preservation has commented previously on the project under requested review, inform us of the date in the body of the review request, and you will not be assessed a review fee. If you are in need of additional information you may contact us directly at (580) 595-9960 or 9618 for clarification. In addition, this message serves as the 'Official' Notice from the Comanche Nation Historic Preservation Office and can be printed for your records, if necessary.

Thank you!

Sincerely,  
Jimmy W. Arterberry, THPO

2. Acting Tribal Historic Preservation Officer Kellie J Poolaw - Kiowa Indian Tribe of Oklahoma - (PO Box: 50) Carnegie, OK - [kellie@tribaladminservices.org](mailto:kellie@tribaladminservices.org); [ivy@tribaladminservices.org](mailto:ivy@tribaladminservices.org) - 580-654-2300

3. Cell Tower Administrator Mary M Botone - Wichita and Affiliated Tribes - (PO Box: 729) Anadarko, OK - [mary.botone@wichitatribe.com](mailto:mary.botone@wichitatribe.com) - 405-247-8667  
Details: The Wichita and Affiliated Tribes is requesting consulting party status on all proposed projects that the Federal Communications Commission undertakes in the states of Kansas, Oklahoma and Texas.

As of January 4, 2016, we are also charging an administrative fee in the amount of \$750.00 for ALL TCNS filings, including collocations. There is also a \$50 per pole fee for all non-excluded poles for PTC when using the batch process.

Checks are to be made payable to: 'Wichita and Affiliated Tribes - Cell Tower Account.' Please make checks out individually for each site and mail to:

Wichita and Affiliated Tribes  
ATTN: Mary M. Botone, Cell Tower Administrator  
P.O. Box 729  
Anadarko, OK 73005

Due to the mass amount of requests we will not be generating individual invoices, unless requested.

To expedite the review process, we are requesting the following information: purpose of tower and whether proposed site is a new or an existing site, site name, site and or project number, legal description or physical address of site, photographs in the four cardinal directions from proposed site, topographic and or quadrangle maps, height of tower by feet, type of tower, the complete FCC Form 620 or 621 packet, including a copy of the Survey Report and SHPO's concurrence letter.

All of the aforementioned information will assist us in making an accurate determination concerning the proposed site. Please send the Form 620 or 621 to Mary Botone via e-mail at [mary.botone@wichitatribe.com](mailto:mary.botone@wichitatribe.com). We will begin our research and review when payment and all requested information is received. A determination will not be issued without payment, and your Section 106 obligations with the Tribe IS NOT completed until payment is received.

4. TCNS Administrator Kennis Wheeler - Tonkawa Tribe - 1 Rush Buffalo Road Tonkawa, OK - [Kenny.rksllc@gmail.com](mailto:Kenny.rksllc@gmail.com); [Kenny.rksllc@gmail.com](mailto:Kenny.rksllc@gmail.com) - 405-443-7531  
Details: As of January, 1 2016

The Tonkawa Tribe of Oklahoma wishes to continue exercising its sovereignty concerning identification and protection of Tribal Cultural Sites, Sacred Sites, and Traditional Cultural Properties by fully participating in the FCC's Tower Control Notification System and Section 106/pre-construction review for new and existing towers. The Tonkawa Tribe requests that consultants forward the complete FCC Form 620 by e-mail along with a \$500.00 fee made to the Tonkawa Tribe of Indians of Oklahoma for the processing and research of each project. Please mail to Tonkawa Tribe, NAGPRA, 1 Rush Buffalo Road, Tonkawa, OK 74653. Please include the TCNS number(s) and invoice number on the memo line of the check for tracking your project payment.

After research and review, the Tonkawa Tribe will submit a letter of concurrence/non-concurrence and acknowledgment of receipt of fees. Point of contact for all TCNS correspondence is Kenny Wheeler TCNS Administrator.

The Tonkawa Tribe will attempt to response within 2 weeks of the date that the payment is received. If for any reason the response is delayed past 10 business days please send and e-mail to Kenny Wheeler at [kenny.rksllc@gmail.com](mailto:kenny.rksllc@gmail.com) notifying him about the delay.

Additionally Mr. Wheeler may be contacted at [kenny.rksllc@gmail.com](mailto:kenny.rksllc@gmail.com) (405) 443-7531.

5. Historic Preservation Officer Bryant J Celestine - Alabama-Coushatta Tribe of Texas - 571 State Park Road 56 Livingston, TX - [Celestine.bryant@actribe.org](mailto:Celestine.bryant@actribe.org) - 936-563-1181  
Details: Please consider this notification as our interest for consultation regarding your proposal.

As of August 1, 2013, the Alabama-Coushatta Tribe of Texas is implementing new procedures for consultations regarding cellular towers and antenna colocations. The Administrative Fee for our services is now \$500.00 to alleviate our expenses for internal file searches, elder consultations, and if necessary, travel expenses for a site visit to complete our determination regarding your proposal. TAKE NOTE of the following procedures as this will assist our efforts to provide your firm with the most efficient process in returning our determinations:

1. Invoices will no longer be generated for each proposal. Please utilize the TCNS number(s) on your payment(s) payable to Alabama-Coushatta Tribe of Texas, Attention: Finance Department, 571 State Park Road 56, Livingston, TX 77351. A single payment is acceptable for multiple fees, provided each TCNS number is itemized on the payment. If a receipt is necessary, please contact our Finance Department at (936) 563-1100.
2. Submit your Form 620 or 621 by EMAIL to [celestine.bryant@actribe.org](mailto:celestine.bryant@actribe.org). Please ensure your submission includes photographs, maps (topo, aerial, APEs), archival research, archaeological reports, and relevant project information.
3. Upon payment of the Administrative Fee, you will receive our determinations via email regarding your proposal(s). No response will be generated without payment and as a result, your Section 106 obligations with our Tribe ARE NOT complete.

Thank you, Bryant J. Celestine - Historic Preservation Officer

6. Darrin Cisco - Apache Tribe of Oklahoma - 510 E Colorado Drive Anadarko, OK - [Apacheculture510@yahoo.com](mailto:Apacheculture510@yahoo.com); [apachendnbr1@yahoo.com](mailto:apachendnbr1@yahoo.com) - 405-247-7494  
Details: The Apache Tribe of Oklahoma wishes to exercise its sovereign nation rights and participate in Section 106, NHPA Review of all TCNS/FCC tower construction activities planned or occurring in the Apache Tribe's listed Areas of Cultural Affiliation and Interest. All communications regarding this Section 106 review will be sent to the attention of Mr. Darrin Cisco at [Apacheculture510@yahoo.com](mailto:Apacheculture510@yahoo.com) or mailed to: Darrin Cisco, PO Box 1330, Anadarko, Oklahoma 73005. Telephone: 405-247-1066. Review, research and documentation of each compliance review will adhere to the FCC Best Practices agreement and the Apache Tribe will charge a \$500.00 fee.

7. THPO Wilfred Ferris III - Eastern Shoshone Tribe - (PO Box: 538) Fort Washakie, WY - [wferris.eshoshone@gmail.com](mailto:wferris.eshoshone@gmail.com); [falene.russette@iresponse106.com](mailto:falene.russette@iresponse106.com) - 307-349-6406  
Details: The Eastern Shoshone Tribe has established a new online procedure for FCC TCNS review/consultation. Online submissions can now be completed at <http://app.tribal106.com>. The data platform is currently being administered by a third party who are providing consultation servicing through the online system on behalf of the Eastern Shoshone Tribe. For questions, please call Shastelle Swan at 406-395-4700

Based on the location of the proposed project and the pole(s) that you will be constructing as part of the Section 106 process in our particular aboriginal homelands, we are REQUESTING TO BE CONSULTED on this proposed project.

Please utilize the Tribal 106 NHPA consultation processing system website. Online submissions can be completed at <http://app.tribal106.com>

The Eastern Shoshone Tribe through the Historic Preservation Department has established a fee of \$400.00 per consultation. We are only accepting checks at this time. All checks should be mailed to the following address:

CCCRPD-EST  
PO Box 87  
Box Elder, MT 59521

If you have questions, please feel free to contact Mr. Wilfred Ferris, III THPO at [wferris.eshoshone@gmail.com](mailto:wferris.eshoshone@gmail.com)

Sincerely,  
Wilfred J. Ferris, III, THPO  
Eastern Shoshone Tribe

8. THPO Linda P Langley - Coushatta Indian Tribe - (PO Box: 10) Elton, LA - [llangley@coushattatribela.org](mailto:llangley@coushattatribela.org) - 337-584-1560  
Details: The Coushatta Tribe of Louisiana has implementing a paperless review process for all new applications. We will no longer mail initial letters of interest, invoices, receipts for payments, or determination letters.

In order to expedite the review process, we are requesting that you upload the following information for each new or modified TCNS application to your Dropbox folder: New or existing tower site, site name & number, legal description or physical address of site, photographs in contour directions, topographic or quadrangle maps, height and type of tower, complete FCC Form 620 or 621, Phase 1 archaeological survey, and specific discussion of mitigation plans for any traditional cultural properties identified. Please be sure to identify

andgroup information by the project TCNS application number. If you are new to working with us, please contact Kassie Henry ([khenry@coushattatribela.org](mailto:khenry@coushattatribela.org)) to get setup in our Dropbox system.

Our research and review fee is \$500.00 per TCNS application. Please make checks payable to the Coushatta Tribe of LA, and mail them to the Coushatta Heritage Dept., PO Box 10, Elton, LA 70532.

9. Gwen Terrapin - Cherokee Nation - (PO Box: 948) Tahlequah, OK - [historicpreservation@cherokee.org](mailto:historicpreservation@cherokee.org); [gwen-terrapin@cherokee.org](mailto:gwen-terrapin@cherokee.org) - 918-772-4165  
Details: In an effort to expedite the TCNS process, on March 24, 2017, the Cherokee Nation has updated their FCC Telecommunication Procedures.

If you have not received a copy of the updated TP's please contact the TCNS Coordinator at [historicpreservation@cherokee.org](mailto:historicpreservation@cherokee.org)

Wado,  
Cherokee Nation

10. THPO Samantha Robison - Alabama Quassarte Tribal Town - (PO Box: 187) Wetumka, OK - [AQhpo@mail.com](mailto:AQhpo@mail.com) - 405-452-3881 (ext: 103)  
Details: The Alabama-Quassarte Tribal Town's TCNS matters are being handled by Samantha Robison, THPO. The Alabama-Quassarte Tribal Town has a \$800 review fee for new builds, and a \$600 review fee for collocations. Please make checks payable to : "AQEDA Tribal Heritage Center" and send to AQEDA Tribal Heritage Center, P.O. Box 187, Wetumka, Oklahoma, 74883."  
Thank you.  
Samantha Robison  
[Aqhpo@mail.com](mailto:Aqhpo@mail.com)

ACE BUCKNER NO LONGER HANDLES ANY TCNS MATTERS!!!!

11. Tribal Historic Preservation Officer Holly B Houghten - Mescalero Apache Tribe - Mescalero Apache Tribal Historic Preservation Office 101 Central Ave (PO Box: 227) Mescalero, NM - [holly@mathpo.org](mailto:holly@mathpo.org) - 575-464-3005  
Details: Please note as of August 17, 2016 we have raised our review fee to \$300.00. For any consultations submitted as of this date, this new fee applies.

The Mescalero Apache Tribe does not wish to review towers that are being placed upon existing buildings. For review of all other proposed towers located within the Mescalero Apache Tribe's traditional homelands, the Tribe will charge a \$300.00 review fee. Please send this fee to the Historic Preservation Office, Mescalero Apache Tribe, P.O. Box 227, Mescalero, NM 88340. Please make the check payable to the Mescalero Apache Tribe and note on the check, or an attachment, the TCNS# or project name/number that the review fee is provided for. Upon receipt of the review fee, the Mescalero Apache Tribe will promptly respond to your review request.

12. THPO Teanna Limpy - Northern Cheyenne Tribe - (PO Box: 128) Lame Deer, MT - [ncthpofcc@gmail.com](mailto:ncthpofcc@gmail.com); [virginia.m.w.oboyle@gmail.com](mailto:virginia.m.w.oboyle@gmail.com) - 406-477-4839  
Details: The Northern Cheyenne Tribe has an interest in this site.

The Northern Cheyenne Tribe requirement for project consultation is digitally through our website. Our website is <http://cms.cheyennation.com>

Please do not mail paper or emailed project submissions. For organization, documentation, and financial regulation, and by tribal resolution, all projects must be submitted to and processed through our website.

Our tribe requires the Cultural Resource or Archaeological Survey Reports completed for the project, such as the Class III Cultural Resource Inventory Report if done, or at least a Class I Cultural Inventory if fieldwork was not required. This report should include ALL known sites within the designated area of potential effect. This includes NOT ONLY the listed and eligible sites, we want the unevaluated and recommended not eligible sites included as well.

This report should include the previously located cultural resource designation, distance from the project, and National Register eligibility determination, if a determination has been made.

No determination is fine if the site has not been evaluated, but we still want to see the information on these sites. Please include the resource type, such as historic irrigation, homestead, lithic scatter, burial mound, etc.

Each report should include maps that show the location of the proposed project and topographic features of the proposed project area. Each map should show the standard Area of Potential Effects as determined by the height of the tower and the FCC's Nationwide Programmatic Agreement.

When SHPO site files are referenced, please include the SHPO's file number, site name, and a brief narrative summary as to the type of site. The summary should be sufficient to enable the reader to understand why the site was documented. We would also like to know how far the site is from the project. Each report should include photographs of the tower and the surrounding landscape.

The Tribe does not consider predictive modeling to be adequate in the identification of cultural resources. Literature review, aerial photographs, and statistical probability are not a replacement for boots on the ground.

The Northern Cheyenne Nation has a long and rich history in the area including oral histories going back millennia. Under 36 CFR 800 .4 we have the right to evaluate federal undertakings with the potential to effect cultural resources. Our unique knowledge of sites and their potential significance under the National and Tribal Register make it essential for us to evaluate all sites within the area of potential effect.

Also, please include a summary of all newly recorded cultural resources identified for the current undertaking.

If a full Class III survey report was not required, please state the reason why one is not attached, such as no new ground disturbance. Otherwise the processing of the project will be held up while we try to locate a report on the project. Even if fieldwork was not required, could you please send us a Class I file search of all know sites in the surrounding area.

The Tribe charges a review fee in the amount of \$400 for processing each request, including collocations - since we were not at the table to begin with on these collocation projects, we want to make sure we have the opportunity to look at these now and get that history known.

This paragraph only applies to Positive Train Control Projects. The Tribe charges \$400 plus \$250 for each additional tower listed under one TCNS for the current PTC batching method.

Payments can be made by check or money order, made payable to the Northern Cheyenne Tribal Historic Preservation Office, and mailed to PO Box 128, Lame Deer, Montana 59043. Please

include the TCNS in the memo line of your check.

If you have any questions or need more information please call the Tribal Historic Preservation Office at 406-477-4838.

The information you provided was also forwarded to the following SHPOs in the State in which you propose to construct and neighboring States. The information was provided to these SHPOs as a courtesy for their information and planning. You need make no effort at this time to follow up with any SHPO that does not respond to this notification. Prior to construction, you must provide the SHPO of the State in which you propose to construct (or the Tribal Historic Preservation Officer, if the project will be located on certain Tribal lands), with a Submission Packet pursuant to Section VII.A of the NPA.

13. SHPO Cathie Matthews - Department of Arkansas Heritage - 323 Center Street Suite 1500 Little Rock, AR - [cathiem@arkansasheritage.org](mailto:cathiem@arkansasheritage.org) - 501-324-9150

14. Deputy SHPO Ken Grunewald - Department of Arkansas Heritage - 323 Center Street Suite 1500 Little Rock, AR - [keng@arkansasheritage.org](mailto:keng@arkansasheritage.org) - 501-324-9357

15. SHPO Bob L Blackburn - Oklahoma Historical Society - Oklahoma History Center 2401 North Laird Avenue Oklahoma City, OK - - 405-521-6249

16. Historian Sarah K Forbes - Texas Historical Commission - (PO Box: 12276) Austin, TX - [TexFcc@thc.state.tx.us](mailto:TexFcc@thc.state.tx.us) - 512-936-7403

"Exclusions" above set forth language provided by the Tribal Nation or SHPO. These exclusions may indicate types of PTC wayside pole notifications that the Tribal Nation or SHPO does not wish to review. TCNS automatically forwards all notifications to all Tribal Nations and SHPOs that have an expressed interest in the geographic area of a proposal. However, if a proposal falls within a designated exclusion, you need not expect any response and need not pursue any additional process with that Tribal Nation or SHPO. Exclusions may also set forth policies or procedures of a particular Tribal Nation or SHPO (for example, types of information that a Tribal Nation routinely requests, or a policy that no response within 30 days indicates no interest in participating in pre-construction review).

Please be advised that the FCC cannot guarantee that the contact(s) listed above opened and reviewed an electronic or regular mail notification. If you learn any of the above contact information is no longer valid, please contact the FCC. The following information relating to the proposed tower was forwarded to the person(s) listed above:

Notification Received: 05/27/2017  
Notification ID: 156884  
Tower Owner Individual or Entity Name: Mobilitie
